

DAILY PRACTICE PAPER -
12/05/2026

1. Which among the following writs is issued by a court to order a public authority to perform its duty?

- A. Habeas Corpus
- B. Certiorari
- C. Mandamus
- D. Quo Warranto

Answer: C

Detailed Explanation:

Writ of Mandamus means "we command." It is issued by higher courts to direct a public authority or government official to perform a legal duty.

2. Which among the following gases is primarily responsible for acid rain?

- A. Oxygen and Nitrogen
- B. Sulphur dioxide and Nitrogen oxides
- C. Hydrogen and Helium
- D. Carbon monoxide only

Answer: B

Detailed Explanation:

Acid rain forms mainly due to emissions of sulphur dioxide (SO_2) and nitrogen oxides (NO_x), which

react with atmospheric moisture to form acids.

3. Which among the following is the correct order of blood flow in the human heart?

- A. Right atrium → Right ventricle → Lungs → Left atrium → Left ventricle
- B. Left atrium → Left ventricle → Lungs → Right atrium → Right ventricle
- C. Right ventricle → Right atrium → Lungs → Left ventricle → Left atrium
- D. Left ventricle → Right ventricle → Lungs → Left atrium → Right atrium

Answer: A

Detailed Explanation:

Deoxygenated blood enters right atrium → right ventricle → lungs → oxygenated blood returns to left atrium → left ventricle → body.

4. The "Great Barrier Reef" is located near which country?

- A. India
- B. Australia
- C. Indonesia
- D. Japan

Answer: B

Detailed Explanation:

Great Barrier Reef lies off the northeastern coast of Australia and

is the world's largest coral reef system.

5. Which among the following Fundamental Rights is available only to Indian citizens?

- A. Right to Equality before Law
- B. Right to Freedom of Speech and Expression
- C. Right to Constitutional Remedies
